FURNITURE
WITH
DOUBLE
PURPOSE

bifunctional

WHO ARE WE?

We design furniture with special characteristics, which makes them innovative, we develop items with dual function (Bifunctional), application that make the products extremely interactive with the user. According to the needs of the person and companies that catch personal attention, improving people experience.

OUR MISSION IS
TO DEVELOP
PRODUCT
FOR MULTIPLE
SPACES-TASK

WHAT DO WE DO?

TOUCH FURNITURE.

Objects that not only occupy space in a place, but also can provide the user interactive function according the needs.

SMART FURNITURE.

Furniture that fulfills special purpose, so it can be used in multiple spaces in multiple jobs.

INTERACTIVE MIRROR.

Products in which people can watch their appearance, besides can provide information about publicity, weather, articles of interest,etc.

HOW YOU CAN HELP OUT

You can bring to us ideas of how create amazing products for people, or you can spread the message of our existence to others.
